EXEMPTION INFORMATION

Certain taxpayers may be eligible for tax exemptions, abatements, and other assistance programs, for more information, taxpayers should consult with the office of their township or county assessor and with the Illinois Department of Revenue.

EQUALIZATION INFORMATION

The Assessed Valuation is subject to equalization by the State of Illinois and by the Local Board of Review. These multipliers, known as the "Equalization Factors," are used by the State of Illinois and local government to make assessed valuations uniform throughout the State and County. When the equalizers are determined, this produces an equalized valuation which appears on your tax bill. The equalized valuation is then subject to your local tax rate which is determined by the amount of spending by schools and local governments in your taxing district. If the use of estimated valuations or rates result in over or under extension for the overlapping taxing district in using estimated valuations or rates, the County Clerk shall make appropriate adjustments in subsequent years.
